

SUMMIT

HELISKIING

SUMMIT HELISKIING IS A PROFESSIONAL HELISKIING OPERATION, BASED IN AND FOCUSED ON THE MAGNIFICENT LANDSCAPES OF NORTHERN ICELAND.

We believe in providing only the best for our guests, and that's why our team consists of some of the most experienced and highly-qualified mountain guides in all of Iceland. Our head guide, Leifur, has played a huge role in the development of tourism and guiding in Iceland. To name a few of his achievements – he was one of the first guides to bring skiers to the Troll Peninsula, helped establish the guide training and qualifying systems in Iceland, and has been a member of the Technical Community of the Association of Icelandic Mountain Guides for years.

In addition to quality accommodation at our very own Sóti Lodge, all of our programs include as standard:

- 1 hr heli fly time (8 runs) per day
- All meals for the duration of the program, plus après
- On-site flotation relaxation program
- Morning take off directly from Sóti Lodge
- Airport shuttle service
- Skis and bindings
- Avalanche safety equipment
- Safety briefing
- Experienced mountain ski guide
- Down day activities
